

H-Channel: Powerful, New E-Mail Distribution System

Introducing H-Channel

Hetronic is delighted to announce the launch of a powerful new E-mail Distribution tool: H-Channel!

One E-Mail, Many Recipients

Using the power of H-Channel, Hetronic can simultaneously deliver instant global notifications with virtually no delay.

Materials and Messages To Expect

The following list offers a brief sampling of the types of messages and materials you can expect to receive through H-Channel Distribution:

- Brochures
- NewsFlash Announcements
- Technical Sales Sheets
- Technical Manuals
- Software releases and updates

Contact Information is Key

Prior to sending every e-mail, H-Channel connects with Hetronic's database to retrieve your most current contact information. So if your contact information changes, send an e-mail message to contact@hetronic.com, and we'll get it updated right away.

Info@hetronic.com is not SPAM

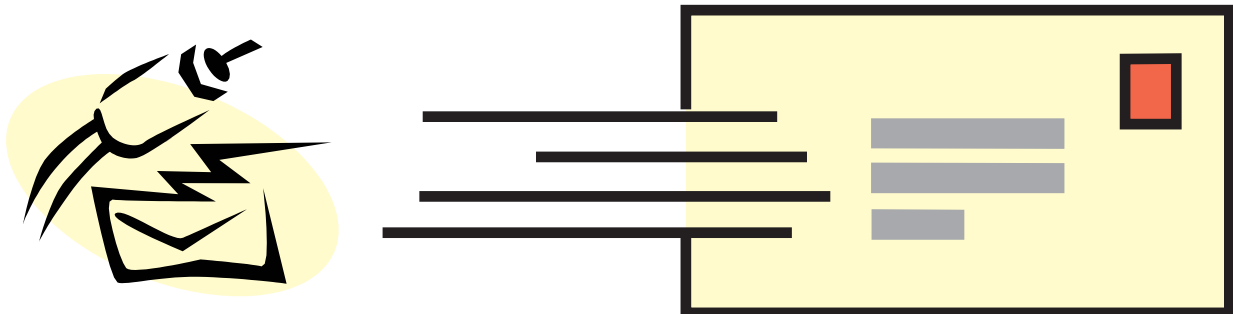

Messages from H-Channel will originate from info@hetronic.com, so be aware that this is a valid communication. If needed, adjust your e-mail SPAM filter. Messages from info@hetronic.com are not SPAM.

H-Channel Attachments are Available Online 24/7

As an e-mail distribution system, you can expect to receive some new materials as H-Channel attachments. For your convenience, all H-Channel attachments are securely stored online. Use your partner login to access these materials 24/7 at www.hetronic.com.

One E-Mail -- Many Recipients!

*H-Channel: Communication
on Your Frequency!*
